CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF THE DIRECTOR

Mr. Najeeb Halaby  
Administrator  
Federal Aviation Agency  
OA-1

Dear Jeeb:

Thank you very much for the courtesies you recently extended the Fine Arts Commission of CIA when you arranged for the Commission to be briefed on the color and furniture decor for your new building.

Mr. McEnrue of Miss Mary Healy's office on 20 May devoted several hours of his time to briefing and escorting the Commission through the new building. They were most impressed by the imaginative use of color and contemporary furniture designed to meet your needs. We have <sup>invited persons</sup> ~~invited~~ Mr. McEnrue and ~~any other interested members~~ <sup>other</sup> of your staff to visit our building, ~~if that should be of interest.~~

Our interest in exploring what your Agency is doing has arisen from the recognized needs here in connection with our own building. We have profited by the visit and our future actions in connection with interior decor will be influenced by the briefing.

<sup>2</sup> We congratulate you on the developments underway and look forward to ~~re~~ <sup>the</sup> visiting ~~the~~ <sup>the</sup> building when it is completed.

Would you be good enough to pass on our appreciation to your staff for their kindness.

Sincerely yours,

*Done 27 May 63*
